

STEM Empowerment Programme (SEP) With Certification (Skill Development) (Educational Tour for Schools, Colleges & Universities in India)

- STEM International Organisation Singapore- (“STEMIO”) constantly reshape the communities we live in.
- As part of the 70th session of the UN General Assembly and have adopted the Sustainable Development Goals (SDGs). These objectives form a program of sustainable, universal and ambitious development, a program of the people, by the people and for the people, conceived with the active participation of UNESCO.
- STEMIO aims to form one of the targets of the Sustainable Development Goal on education SDG #4 (Quality of Education) and it is considered a driver for the achievements of all 17 SDGs.
- Education is at the root of this SDG, which aims to ensure education for all, starting from basic education. Specific objectives include providing more opportunities for technical and vocational training to youth and adults so they can get better jobs
- Our STEM educational tours showcase the universality of STEM subjects and the diverse ways of thinking and building they inspire. Each STEM tour to Singapore, Dubai, Japan, London, & New York challenges students to develop imaginative solutions to global problems through critical thinking and creative expression.
